And What Have You

By BOB CRAIG

There are two bills before the Texas House that merit the attention of the average citizen but are by nature the type that he seems to consider of little importance. Both bills involve advertising and because of this people tend to think that when a newspaper advocates passage of this kind of legislation they are seeking to create forced business for their own profit.

But one of these bills involves public notices which was the reason for the start of newspapers originally in the early days of our Republic, and that reason exists in even greater importance today.

How many times have you been to the courthouse in say the last five years? If you have not been over there any more than the average person you probably only make it over when you get called for jury duty. And when you go do you ever take the time to look at the mess of notices posted on the bulletin board?

Very few people do and that is the reason that newspapers try each legislative session to get public notice laws changed. The revenue involved for the newspapers is not enough to make very much difference in the profit or loss of the papers but a better system could have a strong effect on the people involved in such notices.

It has been proven that a large number of people over the state have lost their homes to unscrupulous lenders, aided and abetted by archaic laws. Because under present procedure all that is necessary is for a lender to post a notice on the courthouse door or bulletin board (once payments on the loan become a few months delinquent) which "legally" places the property up for sale by the sheriff without further adieu. This has been done more than once without homeowners knowing a thing about the sale.

And this is perfectly legal under existing Texas laws, because all that is necessary to fill the law's requirements is that a notice be posted in three public places . . . and that could be a winter closed park, a tree or a telephone pole.

Under terms of House Bill 343, which is now in sub-committee and not making much progress, adequate notice to the owner would be required, giving him three weeks to round up the necessary funds with which to pay the delinquent payments. Then, if the property has to be sold to satisfy the lien, publication of this fact would increase the sale price of the property, because it would build up the buying audience and increase competition for the property. It is common occurrence at such sales for no bidder to appear except the mortgagee who can then bid the property at the balance due on his mortgage, or some figure far below actual market price.

Confiscation without proper notice is unfair, unkind, and actually dishonest. Certainly a posted notice is far from adequate, as is even a registered letter directed to the attention of the owner. When public notices become such a farce as they have become in Texas it would be just as well not to have any notice at all.

Cost of such notices would be paid for by the homeowner and that would be merely his penalty for failure to keep up payments.

The other bill, H.B. 933, would among other things, permit Licensed Optometrists to advertise. This bill was brought about when the State Board of Optometry — not the Texas Legislature — ruled that all advertising by optometrists will be outlawed in Texas.

The bill would permit optometrists to lease space on a percentage or gross receipts basis which is the way most shopping centers are leased. It would permit the practice of optometry under a trade name or assumed name and in multiple offices, either as an employee or employer; provided, however, that such practice is owned by a licensed optometrist.

It would permit advertising in any newspaper, radio, television or advertising media of any kind; provided that it does not create fraudulent, deceitful, misleading, or which in any manner tends to create a misleading impression.

THE ACTION GETS WILD — Mrs. Milton Comer, foreground, and Mrs. Clifford Esfi get the ball over at the practice session Monday night at the high school gym. Looking on is Mrs. Ray Brown, another member of the Flub-Ups, a team sponsored by Hamlin Radio and T.V. The Flub-Ups meet the Bailey Amazons at 8:30 Monday evening for their first game in the Jaycee volleyball tournament.

JC Junior Track To Open Today

The third annual Pied Piper Junior Relays will get underway here today (Thursday) at 4 p.m. The track meet for seventh, eighth and ninth graders is sponsored by the Hamlin Jaycees.

The seventh and eighth grade preliminaries will be held today with the finals to be held Friday, starting at 4 p.m. The ninth grade events will all be held on Friday.

Schools expected to have teams in the meet are Haskell, Baird, Anson, Aspermont, Mrekel, Spur, Albany, Stamford and Hamlin, according to Pat Hughes, meet director.

The Jaycees and Jayceettes will operate a concession stand at the track field both days and the Jaycees will help with the operation of the meet.

Varsity to C-City

On Saturday the varsity track team will travel to Colorado City for their final warm-up meet before the district meet the next weekend.

The Hamlin Sprint Relay team of Philip Simpson, Clifford Titus, Sammy Ferguson and Louis Shelton swept

through their fourth meet undefeated last Saturday as they captured first in the San Angelo Relays in the 440 yard relay with a time of 43.8.

The Pipers placed fourth in division III of the meet with 34 points. McCamey was first with 42 points, Brady second with 39, and Colorado City third with 35.

Jim Bonds placed fourth in the 120 yard High Hurdles and second in the 330 yard Hurdles. Milton Davis was second in the Discus, James Cork fifth in the Broad Jump, Danny Contreras fourth in the mile run and Hamlin placed second in the 880 yard relay.

Freshmen Results

The local Freshmen captured the top spot in their ninth grade meet held here last Thursday afternoon with 62 points. Aspermont was second with 46 3-4, Haskell third with 30 2-3, Colorado City fourth with 26, and Albany fifth with 26 1/2.

Hamlin took four firsts, five seconds, five thirds and five fourths to accumulate their 62 points.

Robert Bolden jumped 18' 7" to take the broad jump. Preston Lee threw the shot 47'5" for a first in that event. Don Bockman ran the 100 in 11.3 for a first and Spencer Ford went over the 60-yard high hurdles in 9.3 for the team's fourth first place.

District 5-AA Golf Meet Here Monday

The District 5 AA Golf Match will be held here Monday beginning at 9 a.m. at Lakeview Golf Course.

ONE CASE REPORTED HERE—

'Gyp' Operators Take Several In Jones County

Homeowners in Jones County have been 'gyped' by fraudulent bug killers during the past few weeks and reports show the amount to total some \$800 in the county.

Residents of Anson, Hawley, and Hamlin were apparently hit by the same operators. Only one instance in Hamlin was reported, a woman paid \$72 to what turned out to be a non-existent exterminating company.

Another type 'con' operation was reported in Anson when an elderly Anson woman bought a worthless hospitalization insurance policy from an out-of-town 'door knocker' who told her that he was representing a local insurance office.

Mayor H. W. Madden reminds Hamlin residents that they are protected from this type operation by a city ordinance.

"The first thing a resident should do," the mayor said, is to have the door-to-door

salesman produce a license or permit issued from the City Secretary. If he cannot show such a permit, the City Hall should be called immediately.

He further advises, "Don't buy anything, sign anything or enter in any kind of agreement with any salesman until you have checked with officers, insurance offices or other local businesses the caller is supposed to represent."

Police Chief E. B. Watson said that he had received no other complaints of out-of-town sales persons. He recommends that residents call City Hall when approached by anyone trying to sell anything. He said that a good description of the person, or persons, including personal appearance, and the color, make and license number of their car or truck should be given, if possible, when the call is made. This enables the police to get on their trail right away, he said.

"Only the residents themselves can prevent further 'gyp' deals from occurring," the Chief emphasized.

The itinerant vendors and peddlers ordinance was passed and approved by the City Council Nov. 15, 1965.

Section 2 of this ordinance states that it is unlawful for any person to go house to house or from place to place in the City of Hamlin soliciting, selling or taking orders for or offering to sell or take orders for any goods, wares, merchandise, services, photographs, newspapers, magazines, or subscriptions to newspapers or magazines, without first applying for and obtaining a license to do so from the City Secretary. It further states that it shall be unlawful to sell or solicit without carrying such license while engaged in such soliciting or selling.

There is a five day waiting period after the person makes written application to the City Secretary before the applicant can begin to sell.

Last week a widow here was a victim of three men who came to her home posing as termite exterminators. Using the word "veteran" as a part of the name of the firm they represented, the men told the woman that they would receive \$1 from the government. The homeowner insisted "I do not want to be obligated in any way."

The men continued in their well organized plan and even brought a board supervisor ripped from the woman's home to show where termites existed. Still the woman insisted "I do not want to have it (the extermination) done."

Without her permission the men sprayed around the premises and came in and told her that the bill had run up to \$89. She continued to persist but the man countered with "It's on there — we can't take it off." She gave them a check for \$72.

She said the odor from the spray that was used was gone later that day.

First Round of Volleyball Meet Set for Monday

The number of teams in the Hamlin Jaycee Volleyball Tournament to be held here Monday, Tuesday and Thursday of next week, has increased to 27. There are now 17 men's teams and 10 women's teams entered.

Two new men's teams are the Highwayers, a group of Highway employees, and a team sponsored by Arrow Service and Supply.

A new women's team, sponsored by Hamlin Radio and T. V., call themselves the Flub-Ups. The Senior High Hopes are now sponsored by the Coin Clean and call themselves the Coin Cleaners.

The games start at 6:30 p.m. Monday and Tuesday,

and 7 p.m. on Thursday, according to Dan Truelove and Earnie Reusch, co-chairman of the tourney.

Teams should be at the gym at least 30 minutes before they are scheduled to play. The schedule will vary some because teams will be playing the best two out of three situations, using eight minute time periods.

The chairmen said that all contestants must wear shoes with soft rubber soles. All contestants will be given a bracket by Friday.

The last workouts will be tonight (Thursday) a 7:30 for the men and Friday night for the women.

More than 200 players will take part in the tournament. Admission will be 50 cents for adults and 25 cents for students.

The Jaycees will sell concessions and will be assisted by the Jaycee-ettes.

Fairview News...

Mrs. Septimius Belle Nee is 90, wife of a retired Dan-
more minister and former
president of Central Nazarene
College that was located
here until 1928, died Mar. 13
in a nursing home in Bethany,
Okla.

Dr. E. F. Neely was president
of the Nazarene College
when it merged with Bethany
College and was moved to
Bethany, Okla. He also served
as pastor of the Nazarene
Church, leaving here in 1928.

Services were held in the
Bethany Nazarene Church
Mar. 13 with Dr. A. S. Lan-
don, Dr. E. G. Thoms and Dr.
Harold Daniels, pastor, of-
ficiating.

Burials were in the Bethany
cemetery, one son, son daughter
and one sister.

Funeral services were
held at 2:30 p. m. at the
cemetery.

Mrs. Elmer Jones
died early this
year but was a mild beauti-
ful day. It looked for her
as if it would rain but cleared
up with a little sun. The
weather man is promising us
rain in a few more days but
some years all of his promis-
es just fade away. It is be-
ginning to get serious, for
we can remember just how
bad a drought year can be.

Mr. Bill Newland's sister
passed away in Garrettsville
and the Newlands attended fun-
eral services there Sunday.

Mr. and Mrs. Woodrow
Goodwin attended funeral
services in Ruby Monday
afternoon for Mrs. Leona
Goodwin, who has been ill
for some time. Her husband is
a cousin of Woodrow's and a
brother of Mrs. Alice Hewitt
and Mrs. Martha Farnham. The

Goodwin's daughter is Mrs.
Herman Perry, wife of the
missionary to Israel. It will
be remembered that Mrs.
Perry was the one responsible
for the death of Samuels,
coming to Hamlin-Simmons
from his homeland.

Mrs. Alma Holmes spent a
week with her son, Mr. and
Mrs. Floyd Holmes, having
gone to Kansas to another
son, Larry Holmes, Friday.
She became ill that night
and was put in the Amos
Hospital, not much is known
about her condition at the
time but she has had some
bad spells.

We haven't seen Mrs.
Henry but she was planning
on all three of her boys com-
ing some time through Easter.
We guess they had a happy
Easter.

Mr. Henry got sick last
week with an ear infection
in his ear. After going to a
specialist in Atlanta he learned
that he was allergic to his
hearing aid. He has not
learned what he is going to
do about it, hope he can find
one that he can wear, for it
made life a lot more pleasant
for him to be able to hear
better.

Mr. and Mrs. Runt McCoy
went to Lubbock last week-
end where they attended the
Texas Tech College annual
Recognition Day, Sunday
Mar. 10. Their daughter, Mrs.
Cecily Taylor, who is a junior
in that college, was on the
list that was recognized for
their good grades. "Grandma"
was a little proud of Ray too.

Mr. and Mrs. Jimmy Holme-
s and two little daughters,
Big Spring, visited from Fri-
day night until Monday
morning with the parents, Mr.
and Mrs. Floyd Holmes.
The Jack Wiggins also vis-
ited Saturday and again Sun-
day with them.

We hear that Mr. Wayne
Holmes is driving a new
Ford pickup.

Mrs. Raleigh Bond spent
Tuesday afternoon with Mrs.
Woodrow Goodwin. They
spent the afternoon working
and visiting like we use to do.
We often wonder what be-
came of those old time visits
we use to have time to make
sometimes walking and tak-
ing the children along to
visit with the neighbors
children while the mothers
worked and visited. We have
even been guilty of taking
our patching along on a visit.
Somewhere along the way
we have lost the time to do
things like that any more.

We had all our children
home for Easter, Sunday
afternoon. Mr. and Mrs. Buck
Joiner, Charles, Jerry and
Susan, from Odessa spent
Saturday night with her
parents. Mr. and Mrs. Charlie
Durham, coming out for the
day Sunday. Mr. and Mrs.
Jimmy Joiner, Joanne and
Ronald, came over from Stam-
ford. Mr. and Mrs. Runt Mc-
Coy, from Hamlin.

Susan Joiner stayed over
until Monday with the Dur-
hams when a daughter, Mrs.
Dorothy Ray Holloway and
two little daughters came by
from Irving. Monday enroute
to Odessa to spend a few
days, picking up Susan and
Mr. and Mrs. Durham.

As I am still not getting any
where in it is a little hard to
find news. Has been six weeks
since my last surgery. Know
it was going to be slow, but
it really does get slow some
days. Surely do have to talk
to myself sometimes but
manage to be sensible about
it most of the time. I repeat
again that the nice visits and
many, many beautiful cards
have helped so much to pass
the time away.

Some of these days I will
be able to go places again
and what a wonderful thing
it will be.

Spanish Revival Set In Haskell

An Evangelism Rally for
Spanish speaking people will
be held at the Calvary Bap-
tist Mission in Haskell Sat-
urday, Apr. 1. All Spanish
speaking people of the area
are invited to this program
of fellowship, singing and
preaching.

The afternoon session which
is for pastors, will begin at
4:30.

At 6:30 supper will be served
to everyone by the Cal-
vary Church and the First
Baptist Church of Haskell.
The evening session starts at
7:30.

SURE HANDS OF THE SURGEON

A child walks... an arm is straightened
...a growth is removed... these and
many other things are the result of the
fine work of the surgeon. This is an
occupation and a labor worthy of
appreciation.

A star... a new born baby... the world
itself... these and many other things
reveal God to us. "The heavens declare
the glory of God; and the firmament
showeth his handywork."

Psalms 19, 1

God has wrought
a great work. Let
us show our love
and appreciation
by worshipping
him in Church

The Church is God's appointed agency in this world for spreading the knowledge of His love
for man and of His demand for man to respond to that love by loving his neighbor. Without
this grounding in the love of God, no government or society or way of life will long
persevere and the freedom which we hold so dear will inevitably perish. Therefore, even
from a selfish point of view, one should support the Church for the sake of the welfare
of himself and his family. Beyond that, however, every person should uphold and par-
ticipate in the Church because it tells the truth about man's life, death and destiny, the
truth which alone will set him free to live as a child of God.

Neinda Philosopher Has to Scratch His Head When He's Told What Some City Is Thinking

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One discusses thinking this week. At least we think that's what he's doing.

Dear editor:
March is always a good blow in on this Johnson grass farm, or as Shakespeare said, March comes in like a copy of the Sunday Reporter-News and goes out like a copy of The Herald, although this isn't to say the former has more influence than the latter, the number of pages in a newspaper doesn't mean it's the most influential, any more than the athlete with the biggest feet is the fastest or the politician who talks

the most says the most.
At any rate, with a steady supply of wind-blown papers I've been noticing a strange expression occurring and re-occurring in all of them. The expression tries to tell us what some city is thinking. For example, Sec. Rusk will say, "Hanoi thinks such and such," or even "Hanoi says." Somebody else will say "What will Peking think about this?" Or "Moscow will think this is escalation."

You get the drift.
I have thought this over and the more I think about it the odder it sounds. I can't get it in my mind how a city can think. I don't know how many people there are in

Hanoi, but there must be some there who don't think like Ho Chi Min says they think, and as a clincher, there must be some there who don't think at all and even Ho Chi would be hard put to tell me what somebody who hasn't thought, thinks.

The whole thing would be somewhat like your telling President Johnson, should he ask, what Hamlin thinks.

You could tell him something all right, but unless you talked to everybody in town and they all agreed unanimously, it wouldn't be very accurate. This is not to imply of course that there's anybody there who doesn't think at all, like in Hanoi.

And besides, by the time your telegram got to Johnson, half the women and one or two men would already have changed their mind.

When somebody tries to tell me what some city is thinking, I back off and try to counter it with what this Johnson grass farm is thinking. I usually come up with nothing.

Yours faithfully,
J. A.

TIPS FOR OUTDOORSMEN

Adding Leads To Fly Line—
Use a needle to install your leader to a fly line.

Here's how:
Push the needle up through the center of the line and out the side about an inch up the line. Then pull the leader through the opening and wrap the end of the leader tightly around the line in the same manner you'd wrap a rod.

Discard Weak Line—
Don't use a frayed line. Each time you go fishing, cut two or three feet off the end of the line. By doing so you remove the frayed or weak spots that have the most wear.

Tempting Catfish Bait—
Some fishermen use Ivory soap for catfish bait. Others find marshmallows work good, too. And cheese is excellent bait for cats.

Store Oily Rag In Shell—
An empty shotgun shell makes a handy and compact carrier for a small oily rag. A hunter can always use an oily cloth in bad weather when his gun is exposed to moisture.

Fish Strips For Pork Rinds—
White strips cut from the belly of a fish are as effective fish getters as pork rind. Like pork rind, you can store the fish strips in a saline solution.

Check Boat Fenders—
Use extra care with cork filled, canvas covered boat fenders. They pick up a lot of moisture. If left hanging against the boat, they will rot wood and stain fiberglass.

Bottom Bumping For Bass—
Ever try bottom bumping with unweighted floating worms?

Add a quarter-ounce lead to the line, about 18 inches from the end. On the end of the line use a plastic worm on a weedless hook. Then slowly bump the lead across the bottom, letting the worm move freely...as if swimming. This works many times

when the jig-n-worm fails.

Study Lake Beds
There is one advantage to a drought. You can study the lake beds while the water is low. Then you'll know where the fish hide. Make special note of where the ledges extend out into the water. That's where fish are likely to be found when the lake level rises again.

Crows For Decoys—
Wire coat hangers make good crow hunting decoys. Take the crows you shoot and insert them in the hangers. Then hang the hangers on tree limbs near your blind.

Finding Fish Is Easy—
Finding white bass is easy, providing you know how. Perhaps the easiest way on most of Texas' large impoundments is to watch for the birds. When you see a flock of gulls diving down into the water, it is a sign that the whites are chasing shad. And that's a cue for you to chase the fish.

Cast a heavy, fast sinking spoon near the edge of the activity. You'll discover that the whites usually are deep down and dining on the injured shad that sink to the bottom.

Once in awhile you'll latch onto a big old lazy black bass down there, too.

Canned Baits For Cats—
Looking for a good way to bait your favorite fishing hole?

Try canned dog food, preferable the kind that makes gravy by adding a little water.

Punch a hole in each side of the can with a nail or an ice pick. Tie a rock to the can and drop it into the water.

Or, if you use the kind that's served in a sack, drop it into a loosely knit potatoe or citrus fruit sack, weight it down good then lower it into the water.

Catfish love dog food.

Fishing The Points—
When you're fishing around

points it's always safe to leave your outboard motor running. That way you can avoid slamming into the bank when a gust of wind hits your boat.

Another good idea is to reverse the motor and troll backwards.

Surest Way To Catch Fish—
Cast close to the bank and work out.

This is one of the surest methods of catching fish. Especially is this true when fishing rocky shorelines.

Cast against the rock and let the lure fall into the water. Give it a moment to sink, then jiggle the bait.

If there is a fish around it very likely will take your lure.

Keeps Sinkers From Slipping

If you use split-shot sinkers here's a good way to keep them from slipping. Insert a short piece of rubber band into the slot in the sinker, along with the line. Then crimp the shot over the rubber band.

This will hold the line tight.

Mittens Warmer—
In cold weather wear a finger glove on your trigger hand and a mitten on the other. Mitten allows fingers to touch and normally warm each other.

Handy "Ammo"—

If you're right-handed, which most of us are, sew a couple of loops on the back of your left-hand glove for carrying two spare shotgun shells. This will permit fast reloading. It eliminates trouble getting another shell out of your pocket while wearing gloves in cold weather.

Of course, if you shoot from the left shoulder, sew the loops on the right-hand glove.

Removing Burrs—

If you have a long-haired hunting dog and hunt in burr country, rub the dog's ears and tail with petroleum jelly. It makes combing burrs out very easy.

Foil Foils Soot—

Eliminate cooking pot blackening from campfires by wrapping the outside of the pot with aluminum foil. The foil will transfer heat, but not the soot.

It takes approximately three hours to weave a hula skirt, the life of which is three days.

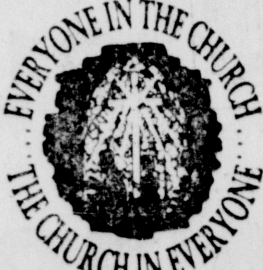

CHOOSING SIDES

"Choose you this day whom ye will serve: but as for me and my house, we will serve the Lord." Joshua 24:15.

Children choose sides for a game; we choose someone to serve in this world. But rather than have it be a choosing by chance, ours shall be a definite, thought out, choice. We can choose God "this day" by attending Church on Sunday. As our Lord said in Matthew 4:10, "Thou shalt worship the Lord thy God, and Him only shalt thou serve." Let us worship and serve Him through His appointed agency, the Church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Texas cities now have won at least half of their battle for authority to levy a one per cent sales tax.

Both houses of the Legislature passed the bill. It's now ready for the Governor's signature. Final step is approval by local voters.

Failure of the bill to obtain a two-thirds majority vote of the Legislature means that the law cannot go into effect until 90 days after adjournment. This means that it probably will be September before any city can hold an election on the subject.

Approval over heavy opposition was a major victory for Gov. John Connally and officials of the Texas Municipal League. Legislative presiding officers Lt. Gov. Preston Smith and House Speaker Ben Barnes also strongly backed the controversial measure.

These are important features of the bill:

Tax can be levied only on these items covered by the present two per cent state sales tax. (It will not fall on auto purchases.)

City governing bodies can submit the issue to election on their own motion or by petition of voters.

Voters also can petition to get rid of the levy after two years.

State comptroller will supervise collection (along with state sales tax) and refund one per cent, less administration costs, to the cities.

Passage of this bill, sponsored by Rep. John Traeger of Seguin and Sen. Joe Christie of El Paso, is viewed as having one effect not intended by some of the strongest backers: it likely will make any increase in state sales tax this year more difficult if alternate revenue programs fail.

Feed Lot Bill Ripped, Passed
A "version" of the bill by Rep. Tom Holmes of Granbury to license cattle feedlot operations cleared the House. But it was hardly recognizable.

Led by Reps. Bill Finck of San Antonio, Felix McDonald of Edinburg and Jim Nugent, opponents tacked on amendments which would make licensing strictly voluntary and would remove the protection against nuisance suits on findings of inspectors.

Provisions in Holmes' original bill would have made the law mandatory for feed lots having capacities of 1,000 head or more, but smaller feed lots would be covered only if they asked to be, individually.

Holmes moved the bill to final passage, even though it had been rendered virtually meaningless. Apparently he's hoping for a better fate in the Senate, then beefing up by a conference committee.

Wildlife Week—
Bills strictly for the birds and the bee-keepers have been passed by the House.

One would remove pelicans and peregrine falcons from the unprotected bird list. Another would provide for branding and registration of bee-keeping equipment.

A Senate committee followed up by approving a ban on commercial exploitation of Texas tortoises and horned lizards.

Anti-Wiretapping—
Telephone wiretapping and electronic eavesdropping were frowned upon by the House which passed (115-29) a control bill recommended by the Governor.

Wiretapping could be authorized on court order if evidence expected to be gained might save human life, or prevent extortion, kidnapping, armed robbery, rape or arson. Evidence thus obtained would be admissible in court.

Bugging by law enforcement officers would be permissible without court order for a one-day period where the procedure conceivably might save a life.

Parks Bill Passed—
A resolution that would authorize the state to issue \$75,000,000 in bonds to finance acquisition of land for

later attorney's request for postponement of a divorce case during legislative session. It ordered a new trial.

Court overruled a \$60,815 award to a Houstonian who complained that his expensive new auto jumped the road due to faulty brakes and steering mechanism. Decision was that neither the dealer nor the manufacturer was legally responsible.

Atty. Gen. Crawford Martin has asked the U.S. Supreme Court to grant a full hearing on its recent decision invalidating the 1965 redistricting of the Texas House of Representatives. Martin said the court's ruling dissolved the Texas Legislature.

Crime Rate At New High—
Col. Homer Garrison Jr., director of the Texas Department of Public Safety, reports that major crime in Texas reached an all-time high in 1966.

Total was 297,810, compared with 284,249 the year before.

Total was 297,810, compared with 284,249 the year before.

Murder and homicide went up 17.5 per cent, robbery 10.4 per cent, burglary 9.2 per cent, theft 3.2 per cent and auto theft 11.2 per cent.

Local, state and national efforts to curb crime, said Garrison, "will be meaningless until each person determines to make crime prevention a personal issue and lend his support to law enforcement activities."

And What Have You—

—Continued from page 1
The board's ruling is of course directed at the statewide chains of optometrists and is an attempt to force them out of business and eliminate competition. There are a number of people who would probably be without glasses if it were not for the chain optometrists who have kept the prices of glasses down to the minimum by volume sales.

Since all optometrists must be licensed by the state and meet the same requirements to stay in business it would seem that no one but the public would suffer if the board's ruling is permitted to stay in effect.

If you are interested in either of these two bills or both, or for that matter any other legislation, please take the time to write your representative and senator and express your views to him.

Saturday Services Held Here For Edward G. Sayers

Services were held Saturday at 2:30 p.m. in Faith Methodist Church for Edward Grady Sayers, 77, who died at 11:50 a.m. Thursday in Hamlin Memorial Hospital.

Rev. Cecil L. Rankin, pastor, officiated.

Born July 6, 1880, in Georgia, he had been a resident of Hamlin since 1919.

He married the former Bess Blackmon at Timpson, Tex., Nov. 10, 1910.

He was a retired farmer and a member of Faith Methodist Church.

Survivors include his wife, of Austin; one son, Stanley of New York City; two daughters, Mrs. J. P. (Bonnie) Hand of Albuquerque, N. Mex., and Mrs. Homer (Doris) Tolar of Honolulu, Hawaii; two brothers, Grover of Anson and Joe of Los Angeles, Calif.; four sisters, Mrs. Edna Hooper of Timpson, Mrs. Lillie Smith of Los Angeles, Calif., Mrs. Winnie Van Fleet, Mrs. Conna Hooser, both of California; 11 grandchildren and seven great-grandchildren.

Burial was in Hamlin Memorial Cemetery. Pallbearers were J. W. Maberry, Murry Barnett, J. W. Bond, Raymond Nichols, Eddie Hooper and George Campbell.

Mr. and Mrs. Smith Receive Degrees From Baylor

Receiving Bachelor of Business Administration degrees from Baylor University, Waco, during Jan. were Jerry Wayne Smith and his wife, Margaret Maberry Smith. Both are accounting majors and members of Beta Alpha Psi, accounting fraternity.

Mrs. Smith was a member of Beta Gamma Sigma, business scholarship fraternity.

Parents of the graduates are Mr. and Mrs. Grady Smith, 115 SW Ave. G. and Mr. and Mrs. Willard Maberry.

Warehouse Thief Reported Tuesday

The Texaco warehouse near the MKT railroad was burglarized for the second time this year Tuesday night. The break-in was discovered about 8 a.m. Wednesday by the local agent, Paul Cooper.

Cooper said that the front door had been forced open and several cases of oil were missing.
